L.L.Bean X PEANUTS®

Snoopy and Woodstock are off on a new adventure!

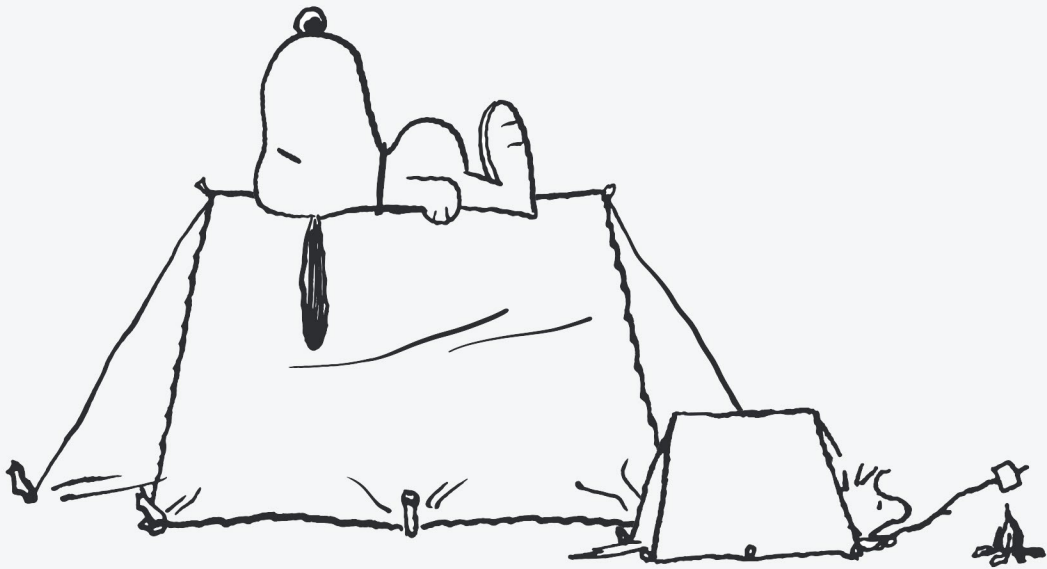

Color along as these friends hike up mountains, climb trees and roast marshmallows in the great outdoors.

And remember: when you're exploring outside, you can be as creative as you want. The sounds and smells of nature will fill you with new ideas and make you feel happy and alive. So use your imagination – anything is possible when you're having fun outside with friends!
